

CALL FOR PAPERS

10th International Joint Conference on Computational Intelligence

Submission Deadline: **May 2, 2018**

<http://www.ijcci.org/>

September 18 - 20, 2018
Seville - Spain

The purpose of the International Joint Conference on Computational Intelligence – IJCCI - is to bring together researchers, engineers and practitioners interested on the field of Computational Intelligence both from theoretical and application perspectives. Four simultaneous tracks will be held covering different aspects of Computational Intelligence, including evolutionary computation, fuzzy computation, neural computation and cognitive and hybrid systems. The connection of these areas in all their wide range of approaches and applications forms the International Joint Conference on Computational Intelligence.

IJCCI is organized in 4 major tracks:

[1 - Evolutionary Computation](#)

[2 - Fuzzy Computation](#)

[3 - Neural Computation](#)

[4 - Cognitive and Hybrid Systems](#)

Proceedings will be submitted for **indexation by:**

DBLP, Thomson-Reuters Conference Proceedings Citation Index, INSPEC, EI, SCOPUS and Semantic Scholar.

All papers presented at the conference venue will also be available at the [SCITEPRESS Digital Library](#).

Kind regards,
Carla Mota
